7-part beam aerial and one power unit on the drill ground north of hangar 71. A wire led from the power unit toward garage 48. A telephone line led bastward from the radar set to the hangars and northward across the main street, the guardhouse and the athletic field. Enlisted men wearing red-bordered black epaulets was on the drill ground east of garage 48. Four wooden poles, about 18 meters high, surrounded a small wooden building near a concrete bunker, about 2.50 meters high. The three AAA emplacements were still occupied. The guns were covered and were guarded by sentries. Colonel Tulenev (fmm) signed again the invoice for the AAA emplacement at Meissnerhof. The electricity consumed tended to indicate that the AAA emplacement at Meissnerhof was still occupied as previously. On 5 November, the quarters of Unit Cheenakov (fmm) were heavily occupied. Lieutenant Colonel Chesnakov and Captain Ostapshuk (fmm) were in the billeting area. About 70 officers and 250 men wearing red-bordered black epaulets with artillery insignia went from their billets to the kitchen. At about 9:30 a.m. on 5 November, a commission consisting of Colonal Talenev (fmm), Lieutenant Colonel Chesnakov (fnm), Captain Ostapshuk (fnm), one colonal wearing black-bordered black epaulets with signal insignia and three 1210 officers wearing black-bordered black epaulets with signal insignia, was an the former Fliegerhorst barracks installation. The officers inspected the kitchen and mess halls of the former air force unit and, subsequently, the billets. Fart
